The East County Economic Development Council (ECEDC) has sponsorships available for its 30th anniversary event. The local non-profit, business-growth organization founded in 1984 will celebrate its 30-year birthday on Saturday evening, October 25th, inside a 20,000 square-foot aircraft hangar at High Performance Aircraft, 1850 Joe Crosson Drive, El Cajon. The event's theme, "Back to the Future," will showcase a dual focus of highlighting previous successes and looking ahead. Longtime ECEDC members will be recognized and a video will review ECEDC successes over the past three decades.
